

Items used to make this Project:

- DJ-610022 Colors, Critters, 'n Cars Bulletin Board Set package header
- File folder
- Glue or tape
- Hook-and-loop tape

Directions: Cut out the title from the package header and glue or tape it to the outside front of the file folder. Cut out the color words and the cars. Open the file folder and lay it down horizontally on a flat surface. Leaving room at the top of each color word to place a piece of hook-and-loop tape, make a trail map of the color words, gluing or taping them to the file folder. Place hook-and-loop tape above each color and on the backs of the cars. Match the cars to the color words by placing them on the hook-and-loop tape.
