

Monkey Math Skill Booster

Objective

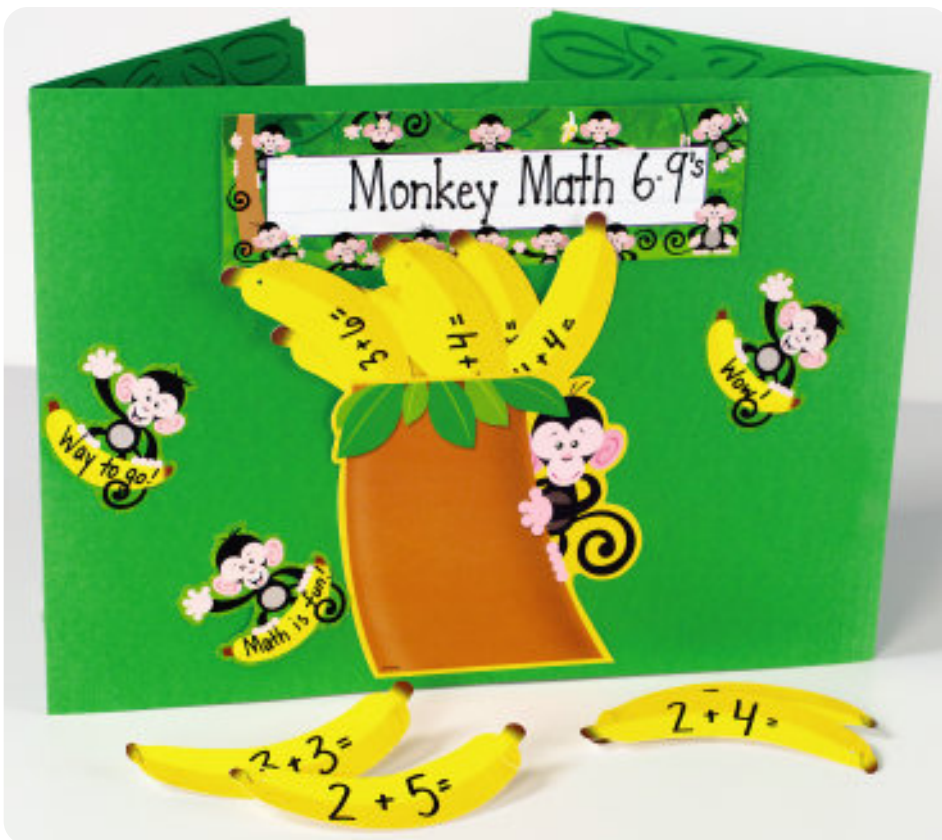

Get creative with handmade file folder games that teach addition facts.

Materials Needed

- Two green file folders
- Double-sided tape
- Hook-and-loop dots
- T-10060 Monkey CLASSIC ACCENTS®
- T-10941 Monkey Mischief CLASSIC ACCENTS® Variety Pack
- T-10818 Monkeys and Bananas Mini Accents Variety Pack
- T-46180 Monkey Mayhem SUPERSPOTS® Stickers
- T-69029 Monkey Mischief DESK TOPPERS® Name Plates

Directions

1. Using double-sided tape, tape the file folders together.
2. Tape one large Monkey accent to each section of the inside folder, leaving the top of each accent open to create a pocket for the bananas. Tape an accent to the back of the folder to create another pocket.
3. Put six Monkey Mayhem SUPERSPOTS® stickers on the first tree, seven stickers on the second tree, eight stickers on the third tree, and nine stickers on the fourth tree.
4. Write the addition facts for 6–9 on fourteen bananas from the CLASSIC ACCENTS® Variety Pack.
5. Cut the hook-and-loop dots in half, and use to attach each banana to the file folder above the tree.
6. Decorate the front and back of the file folder with monkeys from the CLASSIC ACCENTS® and Mini Accents Variety Packs.
7. Tape a Monkey Mischief name plate to the back of the file folder. Title it “Monkey Math 6–9’s.”
8. Store the addition facts in the pocket on the back until kids are ready to play!
