

MY BOOK OF ABCS

Items used to make this Project:

- CD-110037 Alphabet: Traditional Manuscript Mini Bulletin Board Set
- Glue or tape
- Construction paper in a variety of colors
- Puffy paint in a variety of colors

Directions: Punch out the Alphabet: Traditional Manuscript Bulletin Board Set. Glue or tape the alphabet pieces to construction paper. Add the corresponding word cards and glue or tape them next to the picture. Laminate the construction paper and cut away excess laminate. Take the puffy paint and trace over the alphabet letters. Allow the paint to dry. The puffy paint adds a new dimension to these alphabet cards for tactile/kinesthetic learners.
